Jewish Home Family Employee Assistance Program (EAP)

Jewish Home Family is pleased to offer an expanded Employee Assistance Program through Behavioral Health Systems (BHS). Your EAP provides counseling services to employees, dependents and their families.

Many people think that the EAP only covers behavioral, mental health and substance abuse issues, but the EAP through BHS covers services for a variety of situations, including work/life balance, stress, financial, legal and eldercare guidance.

Employee Assistance Program (EAP) Benefits Include:

- ✓ Six (6) visits/consultations per plan year
- ✓ Coverage for: marriage & family, stress, financial/legal, and work/life balance
- ✓ MemberAccess portal www.behavioralhealthsystems.com Employer ID: JHF

There are never any claims to file and EAP visits are covered at 100%. Your use of the EAP is completely confidential. In addition to referrals for assessment or counseling services, your BHS Care Coordinator can assist in determining the appropriateness and availability of community resources, such as support groups, that may be beneficial.

BHS Care Coordinator: Stacey Grayson, LGSW, is the Jewish Home Family-designated BHS Care Coordinator. Stacey can assist with benefits, eligibility, provider availability and issues such as:
